BABY & ME PROGRAM

Session 3

January 10– March 3, 2017

If enrollment is low in a particular class, we reserve the right to cancel. We will make every effort to accommodate if possible.

Eyes Wide Open. . .3-9 month olds

From the time a child is an infant through their 3rd year of life, important brain connections are being formed. Give your child the experiences that are necessary for development during those early years of life through touching, feeling, smelling and tasting. Our Baby & Me teacher will provide these opportunities through circle time fun, finger plays, sensory experiences, and motor development activities.
(One 8 week session is complimentary to newcomers)

Sensory Explosion...12-28 month olds

Through touching, tasting, seeing and hearing, sensory explosion will expose your child to hands-on stimulating experiences as they explore their world. We will be cooking, making play dough, finger painting, playing instruments, and creating "ooey gooey" concoctions. Oatmeal, shaving cream, Gak, sensory tubes and lava cakes are just a few of the materials we'll be playing with to get messy and immersed in our world! Get ready, Get Set....Let's get messy!
