After School Enrichments

Session 1 - August 28 - October 20, 2017

Creative Dance w/ Inside Out Theatre - Mondays, 3:00-3:45pm (3-5 year olds) & 4:00-5:00pm (K-2nd grade), \$140

Students will explore fundamental dance skills of jazz, modern, and ballet while engaging in creative movement and expression through body and movement.

The Voice Studio w/ Inside Out Theatre – Mondays, 4:00-7:00 pm, \$30/30 minutes or \$60/1 hour

Private voice lessons taught by Inside Out Theatre's Musical Director, Marisol Dow. Students may sign up for either 30 minutes or 1 hour weekly classes.

Pre-K Book Club with Ms. Lisa Lerner - Tuesdays, 3:00-3:45 pm, \$130*

The purpose of this enrichment is to foster a love for reading. Each child will bring in their favorite book from home and we will read it together. We will analyze each page by...discussing what everyone sees in the pictures - everyone may see something different and we can discuss that. Making them aware that there is no right or wrong - just different and that is okay. We'll discuss what is being said in the story and elaborating on possible different meanings. We'll talk about feelings-did the story make you happy? Scared? Or excited? We'll use our imagination - asking them how they think the story may end. We'll use all our senses (smelling, hearing, touching, tasting and seeing) by creating a snack that goes along with the story that we are reading.

Play's the Thing w/Inside Out Theatre - Wednesdays, 3:00-3:45pm (3-5 year olds) & 4:00-5:00pm (K-2nd grade), \$140

Movement, mime, theatre games and improvisation are used to help students increase awareness, imagination, strengthen concentration, focus, and teamwork and inspire creative spontaneity. Classic stories and folk tales will be used to engage students in the creative process of theatre.

Team Sports with Ms. Lisa Friedman - Thursday, 3:00-3:45pm, \$75

One spirit, one team, one win! Team Sports is a physically and socially interactive class that focuses on teaching the basics of different sports that require teamwork... kickball, basketball, flag football and soccer to name just a few. Aside from strengthening gross motor skills and teaching the skill of the sport, the class will also focus on sportsmanship, problem solving, cooperation, respect, self esteem, and becoming part of a "team." This is a great opportunity for your child to be socially engaged and learn valuable life skills, while at the same time being physically active and having fun!
G-O T-E-A-M !!

Young Architects Club with Ms. Lisa Friedman - Fridays, 3:00-3:45pm, \$100*

In this class young architects will be introduced to architectural instruments, sketch and design their own plan at the drafting table, review blueprints with their design team and get busy building. Legos, gears, Lincoln Logs, wood blocks, popsicle sticks and sugar cubes are just some of the building materials that will be used to execute their plans and erect their masterpieces. Assembly required! This is a great way to hone in on those math and science skills. Ready, Set, Build!

PLEASE NOTE:
