

I am planning on becoming the Programming Vice President. My first year of TOUCHY I held the position of the Lower Grades Representative and I plan to continue on the board. My previous experiences in leadership roles will greatly help me on the board. I led many committees for the NJHS program at my school in 8th grade. One of the committees I led collected books and socks for less fortunate students. This position instilled great organization skills into me. As a leader on this committee, informing students and getting them to donate was a very important part of my role.

1. Temple Dor Dorim has been a big part of my life. I started coming to the Temple for Pre-K where my love for Judaism grew. ATID became a place where I could gather with teens in my community and share our faith. TOUCHY allows me to embrace my identity. TOUCHY gives me the confidence to be a leader in my community.
2. My goal as the Programming Vice President is to get more people involved in TOUCHY.
3. As I previously mentioned, I held the Lower Grades Representative last year. In addition to my leadership positions on NJHS, I am a Teacher's Assistant at the Temple. I volunteer every Sunday to help the 3rd graders.
4. As the Lower Grades Representative, I will ensure that everyone's opinions are validated. Having a best friend in 9th grade coming to TOUCHY will help me understand the needs of the new TOUCHYites better. I am very committed to making sure that all voices are heard in our community.
5.
 1. Volunteer at Soup Kitchen and Picnic: Meet in the multi-purpose room in the morning. Take a bus to the soup kitchen and volunteer for 1:30 minutes. Team lunch 😊.
 2. Miami Boat ride: Walk around the mall before boat ride. Dinner at Five Guys after the boat ride.
 3. Roller Skating and Hibachi: Meet in the multi-purpose room and take a bus to roller skating rink. Spend 1:45 minutes at the rink then leave for dinner.
