

Lindsey Goldmintz
Communications Vice President
(Historian)

Personal Statement

I would like to run for Communications VP because I love taking pictures and helping people communicate efficiently. I think that I would be perfect for the position of CVP because I can take minutes during Board meetings, make sure everyone is up to date with events, meetings, NFTY events, etc. I can also create a cool shirt design with the help of the board, and I am a very organized person.

1. My youth group experience has been outstanding. I have been part of youth group for about 6 years now. I became an ATID member in 6th grade, and when I went to high school, I became a TOUCHY member. I have been a member of Temple Dor Dorim for almost 17 years. My best experience in TOUCHY was the trip to Islands of Adventure. It was so much fun to walk around the park and ride all the rides with my friends. About halfway through the trip, we realized that the single rider line was so much shorter, and we waited in line for 15 minutes for a 120-minute line. It was so much fun. To me TOUCHY is a family that will always be there when you need them.

2. One of my goals for TOUCHY is to take a lot of great pictures that really capture the TOUCHY experience during our programs. I will also keep everyone informed about upcoming events, meetings, etc. through WhatsApp, remind, and email.

3. Past leadership experience I have had include volunteering as a religious school teacher's assistant. This role involves leading the kids in prayer. I was also a CIT at TDD camp for 3 years. In 10th grade, I was the social actions vice president of TOUCHY, and last year I was Historian/CVP.

4. I will empower other board members and TOUCHYites to be a part of the communication process by letting them know that I am always here for them. Whether that be for a TOUCHY/board matter or if they just need someone to talk to, I am always available.
