

Personal Statement:

I am running for Communications Vice President for the TOUCHY youth group board. I have previously held this position for a few months.

1. Describe your Youth Group experience (You may include how long have you been involved in ATID/TOUCHY and Temple Dor Dorim, your best experience, and/or what TOUCHY means to you?)

I have been attending TDD since I was a toddler. Me and my family have been very engaged with the temple as I've grown up. I had my bar mitzvah here. Additionally, I have been serving on the TOUCHY board as CVP since December of 2022.

2. What are your goals for TOUCHY as it applies to the position you are running for?

My goals for TOUCHY are to have communications be clear and reliable. Communication and connection is important for the board to succeed. Everyone should be active and engaged in and out of board meetings while discussing youth group affairs.

3. Describe your past leadership experience (can be an experience outside of TOUCHY).

I have held the CVP position for a few months now. I also serve as treasurer to my ASL Club at my high school.

4. For the position (or 2) you are running, please answer the question(s) below.

e. Communications VP - How would you empower other Board Members and TOUCHYites to be part of the communications process?

I would encourage everyone to be active in the Whatsapp chat. People should also ask for help and ask for clarity if needed.
