

Intent to run packet Taylor Skolnick

Personal Statement -

I wish to run for Historian because I would like to be more involved with my temple and help out as much as I can, and I am great with Social media. I would love to help raise awareness of our culture, our holidays, and our teamwork and fun activities.

Qualifications -

My qualifications for this position are, my leadership skills and my ability to get along with everybody at temple. I am also very social and I know my way around social media, and how to grab peoples attention.

Questions -

1. I have been apart of temple Dor Dorim since I started pre-school here when I was 2, and to me, touchy and tDD is like a second home to me. My best experiences with them are the fun amazing memories I made with everyone there. I want nothing but the best for touchy, and I would love nothing more that to be apart of it's success.
2. My goals for touchy is to get as many people as we can to be involved in all of our fun activities. And as for my part, I want to draw people in so they can participate and join our fun family.
3. I am the Lieutenant in my police academy that we call "Explorers". It is my job to reach out to people and inform them of upcoming meetings and competitions. I show great leadership whenever I am needed.

4. Few of my ideas as historian, include projecting our events and activities onto new social media sites, keeping track of all activities we've done throughout the year and their participants, and communicating with others for any suggestions they might have.

Programming- As the programmer I would be perfectly fine filling in for people when they are not available, and I will demonstrate teamwork, and I will work well with others. At touchy this year, I would like to implement Geko Park, Ice Skating, and beach trips, to bring us all closer together. I would also suggest team building exercises, so we can show how well we work together.
