

# Camp TDD

## CELL PHONE USE

We have initiated a new cell phone policy for camp. Before cell phones, if you needed to reach your child's counselor you would need to call the school and we would let the counselor know to call you back on their break or at the end of the school day. This policy was set up so the counselor did not take time away from supervision during the day.

With the popularity of cell phones, we have noticed more and more parents contacting the counselors throughout the day via text or calls and the counselors, in wanting to maintain the wonderful home-school partnership our school prides itself on, are responding as quickly as possible. This takes time away from supervision. We have asked our counselors not to respond until their break or at the end of the day.

If there is a need to communicate with the counselor before those times please call the office and we will make sure the counselor gets the message to call you. Please know this is for the safety and wellbeing of your child.

Thank you for your cooperation and understanding

Judith Frye, Camp Director
